

Taking Care of Library Books

Social Narrative

Autism Society
of North Carolina

CHARLOTTE MECKLENBURG
LIBRARY

When I take my library books home, I will have a special place to hold my library books.

If I need to stop reading my book, I will use a bookmark to hold my place.

If I want to have a drink, snack, or meal I will put my library books away until I am done.

I will return my library books to the book drop when I am finished with them. It is important to return books so other people can enjoy them.
