CEO Report

FLSA Update and Impact
Mr. Keesler introduced Joel Riddle and Deanna Griffin and explained the purpose for today’s FLSA presentation is purely educational in nature and there were no decisions expected from the Board.

Mr. Riddle presented a PowerPoint on the new proposed FLSA regulations. (See attachment #1)

Mrs. Griffin explained that the primary impact of the new FLSA proposed regulations to the Library is to the librarian job classification exempt/non-exempt status. The options are:
• Change the Librarian classification from exempt to non-exempt and pay overtime wages for any hours per week worked over 40.
• Leave the Librarian classification as exempt and raise the base salary of approximately 73 librarians to the minimum required by law.

There was a discussion about the best option for the Library and the librarians. Joel Riddle provided his recommendation of keeping the librarian classification the same and paying overtime.

Lee Keesler explained that the library leaders will discuss again and bring a recommendation to the Board in June.

Library Foundation Update
Jenni Gaisbauer provided the following updates:
• The Foundation has secured $180,000 in Verse & Vino sponsorships to date.
• The Foundation Board of Directors is working on a Reserve Policy similar to the Reserve Policy the Board of Trustees approved in 2015.
• Four bequests have been realized this fiscal year. This underlines the importance of the Dewey Circle and the Foundation’s efforts to secure planned gifts.

Capacity -- Distribution System Update, Part 2
Frank Blair presented a PowerPoint on the Library’s distribution network covering the following topics: (See attachment #2)
• Review of Community Trends
• Review of Usage Trends
• Current Platform
• Future Platform
• Library Strategies
• The Next Ten Years

After the presentation there was discussion regarding some of the particular strategies and feasibility of the plan. Concern was raised about being able to secure the funding needed to carry out such a bold plan over the next 10 years. The Board felt it had been a good exercise to go through to help determine top distribution priorities for the future. Mr. Keesler explained that the intent had been to identify solutions that would enable the Library to achieve its full potential --- assuming no funding constraints. Mr. Keesler acknowledged that full funding from Mecklenburg County might not be possible due to heavy demands on the County’s funding capacity.

On a motion by Molly Griffin and seconded by Rob Harrington the meeting was adjourned at 1:35 PM.

Respectfully Submitted,

Lenoir C. Keesler, Jr.
